Hi Joel,

Good seeing you at the Chinese New Years Celebration at City Hall.

I am following up with my inquiry regarding the Little Tokyo Street Lights. In November the Little Tokyo BID contacted the Operation Bright Lights Program, informing them that there were over 40 street lights out in the Little Tokyo area, The east west streets: First Street, Second Street and Third Street, and the north south streets, Los Angeles, San Pedro, and Central. Since then, additional lights have been reported out.

We have not received any communication from the Bureau of Street Lighting and are concerned about the safety of our senior residents and customers.

We also understand that all the City Street lights will be converted to LED lights, can you let us know when Little Tokyo is scheduled for this conversion?

Thanks so much.

Joanne Kumamoto
